

Starting KG1 is such an exciting and momentous occasion!

**EARLY
CHILDHOOD**

In KG1, students begin learning letter sounds, counting, and writing letters and numbers. You can help prepare your child for August by practicing these skills over the summer:

- **Talk:** Encourage conversations about the world around them. Ask questions, listen to their ideas, and practice greetings like “hello” and “goodbye.”
- **Read:** Read with your child for at least 20 minutes each day to support language, listening, and early reading skills.
- **Practice Skills:** Use the checklist to review foundational KG1 readiness skills.
- **Encourage Independence:** Help your child practice bathroom routines, handwashing, and simple self-help skills on their own.
- **Prepare for Separation:** At AIS, students say goodbye at the gate to encourage independence. Short playdates and time away from parents can help children feel more comfortable.

We look forward to beginning our KG1 adventure with the students of the 2026–2027 school year!
